

Many Applications – Big Benefits

New Construction

Free up valuable space (24" X 12"), eliminate floor drains, use hydronic heat instead of expensive heat pumps

Existing Property

Upgrade current equipment, lower operating costs

Commercial

Instant hot water when you need it – big performance, small size
Restaurant-grade – multiple sinks, pre-wash, dishwashers, sanitizing

Incredible Reliability

Commercial grade, designed for sea coast use

Three Different Sizes to Meet Every Need

Small house – Apartments – Luxury beach house – Large resorts

Endless hot water.

No leaking.

No rust.*

Lower energy cost.

 EXCLUSIVELY FROM
Kelpinc Energy Saving Devices and Services

KELPINC.COM | 602-288-8380 | TANKLESS@KELPINC.COM

SKYE™ Tankless Water Heaters

Kelpinc introduces the first really perfect solution for your hot water needs. Endless hot water – no more leaks, rusting tanks, murky sediment or wasted energy.

ENDLESS HOT WATER – BUT YOU'RE IN CONTROL

Filling a hot tub while providing hot water for all your guests is now possible - while you keep consumption in check. Smart computer control avoids waste while keeping efficiency high.

THE HIDDEN COST OF WASTED ENERGY

The two most energy-hungry services are hot-water and air conditioning. Rising electricity rates in Puerto Peñasco will continue to go up. SKYE helps to minimize waste - even if you're not there.

ELIMINATING COLLATERAL DAMAGE

The surprise of damage to your property and to those of others is your responsibility. Protect your property, investment and profit with SKYE – Stainless Steel tough, North American quality and long term value you can trust.

Rentals... or Not.

Hot water when you need it and only when you need it!

Installation – Got it Covered!

New or existing property?

NO PROBLEM. Kelpinc will evaluate your property, remove your old water heater, install and redecorate as if your SKYE tankless was always there.

SKYE™ Fortis 120
Tankless Water Heater

Ordinary Water Heater
